CHARLES COUNTY POMONKEY PUMP STATION IMPROVEMENTS

SECONDARY FAN CONTROL PANEL SUBMITTAL

SECTION 17441 - CONTROLS SYSTEM HARDWARE

January 27, 2026

ENGINEER: WRA

CONTRACTOR: JOHNSTON CONSTRUCTION

**MANUFACTURERS' REPRESENTATIVE FOR ENGINEERED INSTRUMENTATION,
PROCESS EQUIPMENT AND PUMPING SYSTEMS**

Branch Offices: RICHMOND, VA and LEOLA, PA

CHARLES COUNTY POMONKEY PUMP STATION IMPROVEMENTS

General Comments:

1. The wiring schematics assume a $\frac{1}{4}$ HP motor with an FLA of 5.8. Please verify and confirm the motor nameplate details for the secondary fan motor.

Parts Index:

SHT	MANUFACTURER	MODEL	DESCRIPTION
1	SCE	SCE-16H1606SS6LP	Wall Mount Enclosure - NEMA 4X
1	SCE	SCE-16P16	Enclosure Back Panel
1	SCE	SCE-BVKD	NEMA 4X VENT/DRAIN
2	Schneider Electric	9001SKT38LGG31	PTT Light, 120VAC LED, Green
2	Schneider Electric	9001SKT38LRR31	PTT Light, 120VAC LED, Red
2	Schneider Electric	9001SKT38LYA31	PTT Light, 120VAC LED, Amber
3	Schneider Electric	XB4BA922	Manual Overload Reset Pushbutton
4	Schneider Electric	9001SKS43BH13	3 Position Switch, Black
5	Square D	BGL26015	Main Circuit Breaker, 15A
6	Weidmuller	7940102572	Circuit Breaker, 120VAC, 2A
7	Square D	8536-SAO11V02ES	NEMA Motor Starter / Overload
7	Square D	B9.10	Thermal Motor Overload
8	Square D	9050JCK70V20	Repeat Cycle Timer, 0.5 Sec to 999 Hours
8	Square D	8501NR61	RELAY SOCKET, 120VAC, 11 PIN, DIN
9	Phoenix Contact	3044076	Terminal Block
9	Phoenix Contact	3044092	Grounding Terminal Block
9	Phoenix Contact	3047028	Terminal End Barrier
9	Phoenix Contact	0800886	Terminal Anchor

CHARLES COUNTY POMONKEY PUMP STATION IMPROVEMENTS

Data Sheet 1

Customer:	Johnston Construction
Reference:	Charles County Pomonkey Pump Station Improvements
Date:	01/27/2026
<u>Qty</u>	<u>Description</u>
1	Mfg: SCE: Wall Mount Enclosure - NEMA 4X Model Number: SCE-16H1606SS6LP Tags/Service: ENC / Secondary Fan Control Panel Specifications: • 0.075" stainless steel type 316/316L • Flange trough collar around all sides of door opening • Pour in place oil and water resistant gasket • Hasp and staple for padlocking • Stainless steel continuous hinges • Welded mounting provision top and bottom of back • #4 brushed finish on all exterior surfaces
1	Mfg: SCE: Enclosure Back Panel Model Number: SCE-16P16 Tags/Service: ENC / Secondary Fan Control Panel Specifications: • 13"H x 13"W x 0.10"D flat subpanel • Powder coated white finish

1	Mfg: SCE: NEMA 4X VENT/DRAIN Model Number: SCE-BVKD Tags/Service: DRAIN / Secondary Fan Control Panel Specifications: • Drain and breather vent kit • Made of corrosion and UV resistant polycarbonate material • NEMA 4X rated • 10 in·lb installation torque
---	---

Data Sheet 2

Customer:	Johnston Construction
Reference:	Charles County Pomonkey Pump Station Improvements
Date:	01/27/2026
<u>Qty</u>	<u>Description</u>
1	Mfg: Schneider Electric: PTT Light, 120VAC LED, Green Model Number: 9001SKT38LGG31 Tags/Service: LT5208 / Secondary Fan Control Panel Specifications: • Plastic bezel material • 120VAC rated supply voltage • 1 C/O contact composition • 5000000 cycle mechanical durability • 0.55A rated operational current • Silver alloy contact material • 60kA, 7200VA rated short-circuit making capacity • 6kA, 720VA rated breaking capacity • Green fresnel polycarbonate lens • Green LED
1	Mfg: Schneider Electric: PTT Light, 120VAC LED, Red Model Number: 9001SKT38LRR31 Tags/Service: LT5209 / Secondary Fan Control Panel Specifications: • Plastic bezel material • 120VAC rated supply voltage • 1 C/O contact composition

	• 5000000 cycle mechanical durability • 0.55A rated operational current • Silver alloy contact material • 60kA, 7200VA rated short-circuit making capacity • 6kA, 720VA rated breaking capacity • Red fresnel polycarbonate lens • Red LED
1	Mfg: Schneider Electric: PTT Light, 120VAC LED, Amber Model Number: 9001SKT38LYA31 Tags/Service: LT5210 / Secondary Fan Control Panel Specifications: • Plastic bezel material • 120VAC rated supply voltage • 1 C/O contact composition • 5000000 cycle mechanical durability • 0.55A rated operational current • Silver alloy contact material • 60kA, 7200VA rated short-circuit making capacity • 6kA, 720VA rated breaking capacity • Amber fresnel polycarbonate lens • Yellow LED

Data Sheet 3

Customer:	Johnston Construction
Reference:	Charles County Pomonkey Pump Station Improvements
Date:	01/27/2026
<u>Qty</u>	<u>Description</u>
1	Mfg: Schneider Electric: Manual Overload Reset Pushbutton Model Number: XB4BA922 Tags/Service: RESET / Secondary Fan Control Panel Specifications: • Chromium plated metal bezel • Zamak fixing collar material • Black flush, unmarked operator profile • 5.1...10.1" activating distance • NEMA 4X degree of protection • TH protective treatment

Data Sheet 4

Customer:	Johnston Construction
Reference:	Charles County Pomonkey Pump Station Improvements
Date:	01/27/2026
<u>Qty</u>	<u>Description</u>
1	Mfg: Schneider Electric: 3 Position Switch, Black Model Number: 9001SKS43BH13 Tags/Service: SS5205 / Secondary Fan Control Panel Specifications: • Black standard knob operator profile • Stay put operator • 1 C/O contact composition • NEMA 4X degree of protection

Data Sheet 5

Customer:	Johnston Construction
Reference:	Charles County Pomonkey Pump Station Improvements
Date:	01/27/2026
<u>Qty</u>	<u>Description</u>
1	Mfg: Square D: Main Circuit Breaker, 15A Model Number: BGL26015 Tags/Service: CB5201 / Secondary Fan Control Panel Specifications: • 15A line rated current • 2 pole circuit breaker • Toggle control type • 65kA breaking capacity • 65kA rated service breaking capacity • Thermal-magnetic trip unit technology • 80% continuous current rating • 20000 cycle mechanical durability • 10000 cycle electrical durability

Data Sheet 6

Customer:	Johnston Construction
Reference:	Charles County Pomonkey Pump Station Improvements
Date:	01/27/2026
<u>Qty</u>	<u>Description</u>
1	Mfg: Weidmuller: Circuit Breaker, 120VAC, 2A Model Number: 7940102572 Tags/Service: CB5204 / Secondary Fan Control Panel Specifications: • 120VAC operating voltage • 2A current rating • 10kA interrupting capacity • 100MΩ insulation resistance • 10000 mechanical operations operating life • -40...65°C operating temperature range

Data Sheet 7

Customer:	Johnston Construction
Reference:	Charles County Pomonkey Pump Station Improvements
Date:	01/27/2026
<u>Qty</u>	<u>Description</u>
1	Mfg: Square D: NEMA Motor Starter / Overload Model Number: 8536-SAO11V02ES Tags/Service: M5205 / Secondary Fan Control Panel Specifications: • Non-reversing starter type • NEMA size 00 • 9A rated current • 0.33HP at 115VAC • 120VAC 60 Hz coil voltage • Open enclosure type
1	Mfg: Square D: Thermal Motor Overload Model Number: B9.10 Tags/Service: OL5201 / Secondary Fan Control Panel Specifications: • Class 20 motor tripping class • Melting alloy thermal overload type

Data Sheet 8

Customer:	Johnston Construction
Reference:	Charles County Pomonkey Pump Station Improvements
Date:	01/27/2026
<u>Qty</u>	<u>Description</u>
1	Mfg: Square D: Repeat Cycle Timer, 0.5 Sec to 999 Hours Model Number: 9050JCK70V20 Tags/Service: RCT / Secondary Fan Control Panel Specifications: • 120VAC operating voltage • 0.5 second to 999 hour programmable timing range • 3 VA power burden • 10 million mechanical operations operating life • 100,000 electrical operations operating life • Silver nickel contact material
1	Mfg: Square D: RELAY SOCKET, 120VAC, 11 PIN, DIN Model Number: 8501NR61 Tags/Service: RCT / Secondary Fan Control Panel Specifications: • DIN rail mounted relay socket • Single tiered screw clamp terminal electrical connection • 15A rated at 300VAC

Data Sheet 9

Customer:	Johnston Construction
Reference:	Charles County Pomonkey Pump Station Improvements
Date:	01/27/2026
<u>Qty</u>	<u>Description</u>
A/R	Mfg: Phoenix Contact: Terminal Block Model Number: 3044076
A/R	Mfg: Phoenix Contact: Grounding Terminal Block Model Number: 3044092
A/R	Mfg: Phoenix Contact: Terminal End Barrier Model Number: 3047028
A/R	Mfg: Phoenix Contact: Terminal Anchor Model Number: 0800886 Tags / Service: TB-AC / Secondary Fan Control Panel Specifications: • Feed through and grounding terminals • Screw clamps • End plates and anchors • DIN rail mount
